Experience

➤ Freelance Front End Developer

June 2022 - Present | Freelancing | Remote & Portugal

Experienced Front End Developer with a proven track record of creating visually appealing and user-friendly web applications and e-commerce websites for a diverse range of clients in small and medium-size businesses. Adept in discussing various strategies and solutions to enhance a client's online presence. Strong communicator and collaborator, committed to delivering innovative and effective results.

➤ Critical Care Nurse

Oct 2015 - Oct 2022 | Royal Free Hospital NHS Foundation Trust | London, UK

Experienced Critical Care Nurse with 7 years of hands-on experience providing direct patient care in high-pressure, fast-paced environments. Adept in operating critical care equipment to ensure patient stability and facilitate recovery. Highly observant, proven to closely monitor patients' respiratory status, and ventilator operation, and make necessary adjustments to promote stabilization. Committed to providing top-notch patient care and promoting positive health outcomes.

Education

➤ Full Stack Web Development

May 2022 - Present | 100 Devs Agency - Remote

Acquired hands-on education in Full Stack Software Development through a unique learning experience at a dedicated Software Development agency with an in-house academy. Gained practical skills through collaborative work on real-world projects with a team of experienced developers and exposure to paid clients. This dynamic learning environment provided a comprehensive education in the full software development life cycle and honed my abilities to work effectively in a team setting.

➤ Full Stack Web Development

Dec 2021 - Present | freeCodeCamp - Remote

Achieved recognition through completion of Responsive Web Design and JavaScript Algorithms and Data Structures certificates, demonstrating expertise through the successful completion of multiple projects. Driven to continuously enhance skills and maintain a competitive edge in the field. Aspiring to expand my skill set into Back End Development and progress toward full stack proficiency.

➤ Bachelor Degree in Nursing

Sep 2011 - Jul 2015 | ESSVA - V. N. Famalicão, Portugal

Earned a Bachelor's degree in Nursing through a comprehensive educational program that included both theoretical and practical instruction. Clinical practices were integral to the curriculum, with students gaining hands-on experience through participation in the Erasmus Program, including rotations at various hospitals in different cities and countries. The 4-year program provided a strong foundation in the field of nursing and prepared the individual for professional practice.
